

ONLINE counselling is now available.

Online counselling is a pre-paid service using PayPal and full payment must be made 24 hours PRIOR to secure the session. An appointment needs to be scheduled in advance via email, text, messenger or phone call to discuss informed consent (which can also be found on the website under “downloads”) and the cancellation policy (which is the full-fee payment if cancellation occurs WITHIN 24 hours).

Once full payment is made, a Zoom link is emailed which can be opened at the scheduled session time.
